Town of Groveland Board of Health

POLICY FOR REQUESTS ON DISPOSAL OF MEDICATIONS

- No employee of the Board of Health may take possession of any medication from a resident.
- When a resident inquires, it is currently recommended that they avoid disposal into the sewer or septic systems. Rather, place pills or capsules in a cup of warm water until dissolved. Then pour onto an absorbent surface such as a diaper, sanitary pad, old towel and place in a separate plastic bag. Then place in trash for disposal and incineration.

Revised: July 2010
