ARTICLE 8: To see if the Town will vote to amend its General Bylaw to delete Section 6-1 Building Numbering in its entirety and replace with a new Section 6-1 Building Numbering/Street Naming, or take any action relative thereto.

Article submitted by the Building Inspector (Requires a Simple Majority)

NOTE: The current bylaw regulating building numbering and street naming is overly simple or not existent. The purpose of the change is to reiterate the requirements of MGL relative to building numbering and provide guidance for where to locate numbering so an address can be easily found. This will also provide guidance for developers and town boards to implement a consistent methodology to our numbering and to prevent confusing or redundant street names.

Section 1 Statutory Authorization

1.1 Pursuant to the statutory authorization granted under MGL C. 40, Section 21 and Chapter 148, Section 59, the Town of Groveland hereby enacts this bylaw requiring and regulating the numbering of buildings within the municipal boundaries of the Town of Groveland.

Section 2 Purpose

2.1 The standards and regulations set forth within the provisions of this bylaw shall have the purpose and effect of promoting the general health, safety, welfare and convenience of the inhabitants of the Town of Groveland by reducing the difficulty in responding to individual residences and other occupied structures in cases of police, fire, medical or other emergency situations requiring immediate location and response; by facilitating delivery efforts through the creation of a numbering system for all delivery locations; by decreasing the potential for traffic accidents caused by motorists searching for address locations; by improving local census data-gathering capabilities; by improving the accuracy of important legal documents requiring address location; and by assisting the planning efforts of the community.

Section 3 Administration

3.1 This bylaw shall be administered by the Building Inspector acting as the designated Addressing Officer who is authorized to oversee the administration of assigning and/or approving street names and numbers to all properties in accordance with the criteria this bylaw and Section 4.1.7 of the Town of Groveland Rules & Regulations Governing the Subdivision of Land. The Addressing Officer shall be responsible for reporting the street name(s), number(s) and location(s) to the Town Assessor.

Section 5 Street Naming

- **4.1** All streets that serve three or more buildings shall be named regardless of whether the ownership is public or private. A street name assigned by the municipality shall not constitute or imply acceptance of the street as a public way. The following criteria shall govern the naming system:
 - a) No two streets shall be given the same name (ex. Pine Street and Pine Lane).
 - **b)** No two streets shall have similar-sounding names (ex. Beech Lane and Peach Lane).
 - **c)** Each street shall have the same name throughout its entire length located within the boundaries of Groveland. Streets that continue through into an adjacent town may change names at the town border.
- **4.2** The Board of Selectmen shall have final authority to designate the name of the subdivision and streets, which shall be determine at Definitive Plan Approval.

Section 6 Building Numbering

- **5.1** Numbers shall be assigned to buildings only. This includes but is not limited to: dwellings, apartment buildings, condominiums and business establishments. This process shall be initiated when a building permit application is issued, so that numbers are assigned to buildings being constructed, and not at the end of the construction period.
 - **a)** Building numbers shall be affixed on the front of buildings so as to be seen from the street.
 - **b)** All reasonably sized numeric figures for building numbers shall be at least 3" in height, unobstructed by vegetation or other materials, in contrasting color to the background and in a conspicuously placed location facing the street.

- c) If the building is more than one hundred feet (100') from the street, numbers shall be placed on a free-standing post or mailbox that is least four and six feet above ground level. Said free-standing post or mailbox shall be at the entrance to the driveway and no more than 10' from the street. If the driveway has more than one building on it, numbers shall be placed at each turnoff and at forks in the street indicating which direction to take.
- **5.2** Numbers shall be assigned along both sides of the street regardless of zone or location in town, with even numbers appearing on the right side of the street and odd numbers appearing on the left side of the street.
- **5.3** All numerical numbers shall begin from Main Street starting at the Groveland/West Newbury line or that end of a street closest to the designated origin. For dead end streets, numbering shall originate at the intersection of the adjacent street and terminate at the dead end.
- **5.4** The number assigned to each building shall be that of the numbered interval falling closest to the driveway of said building.
- **5.5** Every building shall have a separate number provided that some apartment buildings, condominiums and business establishments will have one street number with an apartment letter, such as 183 Main Street, Apt A.
- **5.6** Parcels with more than one building shall be assigned unique addresses that make the most logical sense to each situation. Each building shall be identified by a unique number. For example, 183 Main Street, Unit A.
- **5.8** In the event a missing or incorrect building number is identified, it shall be the owner's responsibility to request the Addressing Officer to assign a new or correct number. Requests for a change of address shall be requested by submitting a Change of Request Form to the Addressing Officer. If approved the Addressing Officer will report the change(s) as if they were new number(s).

Section 6 Compliance

All buildings shall be identified by their properly assigned street number in accordance with Section 6 of this bylaw. It is the responsibility of each property owner to obtain the correct number from the Addressing Officer. It shall be the responsibility of the owner to maintain and display the assigned building number(s). Under no circumstances should a building number, other than that which is properly assigned, be displayed. Numbers shall be displayed within 60 days of the enactment of this bylaw or within 60 days of the assignment of a new street number. Buildings under construction shall have the assigned street number displayed at the entrance to the property until such time that compliance with Section 6 can be met. New buildings must have their numbers properly displayed prior to occupancy.

Section 7 Enforcement

Any person who violates any provision of this section of the bylaw shall be subject to the following penalties:

First offense Written warning

2nd and subsequent offenses \$25 per month for each month said

violation continues to exist.

This section shall be included within the scope of the provisions of Massachusetts General Laws, Chapter 40, Section 21D, adopted at the fourth session of the 1995 Annual Town Meeting held on May 15, 1995, as Section XXVIII, *Enforcement of Town Bylaws*. In addition to police officers, the Building Inspector and officers of the Fire Department shall also be enforcing persons for this section.

BOARD OF SELECTMEN RECOMMENDS: FAVORABLE ACTION

DATE AND ACTION TAKEN:

ARTICLE 9: To see if the Town will vote to amend its General Bylaws to add section 4-3 "Hours of Construction", or take any action relative thereto.

Article submitted by the Building Inspector (Requires a Simple Majority)

NOTE: This provision would limit the hours of construction associated with a building permit, with the exception of emergencies, to customary hours of operation.

Sec. 4-3 Hours of Construction

- a) No work associated with a building permit shall be performed except as allowed in compliance with this bylaw.
- b) Allowed hours of work:
 - Monday through Friday from 7am to 6pm
 - Saturday from 8am to 4pm
 - Sundays and Federal holidays work is prohibited
- c) Work may be performed outside of the allowed hours due to emergencies with approval from the Building Inspector
- d) Work may be performed outside of the allowed hours if approved as part of a Site Plan Review Approval process if there are special circumstances as determined by the Building Inspector that would warrant the deviation from the allowed hours due to practical difficulties.
- e) Interior work may be allowed with approval from the Building Inspector provided no exterior equipment such as a generator or compressor are used and noise and light levels are kept such that they are not a nuisance to neighboring properties. Any complaint from a neighboring property regarding interior work outside of the allowed hours listed in b) above will be considered a nuisance and will be required to stop unless approved by either Section c) or d) above.

BOARD OF SELECTMEN RECOMMENDS: FAVORABLE ACTION

ARTICLE 10: To see if the Town will vote to amend its General Bylaws to add section 8-23 "Fences", or take any action relative thereto.

Article submitted by the Building Inspector (Requires a Simple Majority)

NOTE: Rules regulating the placement of fences are a constant concern of individual installers and abutters. This bylaw will help give guidance as to what the requirements for installation are, when a permit is required, and who is responsible for the correct placement and installation of the fence.

Sec. 8-23 Fences

- a) A building permit shall be obtained for all fences as required by the Massachusetts State Building Code.
- b) Fences greater than four (4) feet in height and/or having less than 50% open surface shall not extend into the required front yard setback or beyond the existing principal building, whichever is closer to the street.
- c) All fences requiring a building permit shall be accompanied by a plot plan showing the location of the proposed fencing.
- d) Fences may be installed up to but not on the property line, provided that partition fences may be erected and maintained in accordance with G.L. c.49.
- e) Fences shall be installed with the finished or "good" side facing the adjoining property.
- f) If the location of the fence is in dispute, it is the responsibility of the owner of the fence to certify its location and relocate the fence to a compliant location.
- g) No fence, regardless of height or location, shall be placed as to obstruct sightlines from public ways, private ways or driveways. If a location is in question compliance shall be determined by the Building Inspector.
- h) Fences shall comply with all applicable legal requirements, including but not limited to, 310 CMR 10.00, et seq., and Groveland's Wetland Bylaw, and if enclosing a swimming pool, spa, or hot tub, with the barrier requirements of the Massachusetts State Building Code.

DATE AND ACTION TAKEN:

<u>ARTICLE 14:</u> To see if the Town will vote to amend its Zoning Bylaw to add the definition of "Caretaker's Unit" to Section 50-2.1 Terms Defined, or take any action relative thereto. Article submitted by the Building Inspector (Requires a Simple Majority)

NOTE: Currently the bylaw prohibits an owner to live on site at their business or have a caretaker on site to monitor the property after hours. This change would allow a dwelling unit to be added as an accessory use to a business or industrial use. This change could provide living quarters for the business owner or provide security and income if occupied by a caretaker.

Sec. 50-2.1 Terms Defined

Caretaker's Unit – An accessory dwelling unit constructed in or attached to a principal Business or Industrial use structure, which unit has a separate kitchen, separate bathroom, two separate entrances, a floor area of less than one-half (1/2) the floor area of the principal occupancy's square feet up to a maximum of 900 square feet of habitable area, has two or fewer bedrooms and which is occupied primarily by a person or persons, and their family, who are employed in part to either to care for, monitor, or repair and maintain the principal use structure.

BOARD OF SELECTMEN RECOMMENDS: FAVORABLE ACTION with an amendment to delete the strikethrough language and replace as follows, *Caretaker's Unit – An accessory dwelling unit constructed in or attached to a principal Business or Industrial use structure, which unit has a separate kitchen, separate bathroom, two separate entrances, a floor area of less than one-half (1/2) the floor area of the principal*

occupancy's square feet up to a maximum of 900 square feet of habitable area, has two or fewer bedrooms one bedroom and which is occupied primarily by a person or persons, and their family, who are employed in part to either to care for, monitor, or repair and maintain the principal use structure.

ARTICLE 16: To see if the Town will vote to appropriate a sum of EIGHTY-EIGHT THOUSAND DOLLARS (\$88,000) from the Community Preservation General Reserve Fiscal Year 2022 to be made available for establishing a Walking Trail Entrance at the Pines Recreation Area, or take any action relative thereto. The project is to be managed by the Town Planner and Town Administrator under the CPA category of Recreation. Article submitted by the Community Preservation Committee

NOTE: The project would provide funds to establish a new entrance to the Pines Recreational Area that would connect the Main Street sidewalk and the Pines for pedestrians. This trail would encourage more recreational use and safe entry to the property for all residents entering the Pines on foot, by bicycle, or baby carriage. The concrete trail will extend approximately 500 feet into the Pines.

ARTICLE 17: To see if the Town will vote to appropriate a sum of TWO HUNDRED FOURTEEN THOUSAND DOLLARS (\$214,000) from the Community Preservation Historic Preservation Reserve Fiscal Year 2022 to be made available for completion of an accessible lift in the main building at Veasey Memorial Park connecting the three levels and making the building completely accessible, or take any action relative thereto. The project is to be managed by the Groveland Conservation Commission and the Town Administrator under the CPA category of Historic Preservation.

Article submitted by the Community Preservation Committee

NOTE: The project would provide funds for the completion of an accessible lift in the Main Building at Veasey Park. The lift would enable all visitors of any ability to access the three levels in the building. This third phase project will aim to complete the process to make the park accessible. ADA compliance improvements will provide safer access to the facility for the public and all people with disabilities.

COMMUNITY PRESERVATION COMMITTEE RECOMMENDS: FAVORABLE ACTION

DATE AND ACTION TAKEN:

ARTICLE 18: To see if the Town will vote to appropriate a sum of SEVENTEEN THOUSAND FIVE HUNDRED DOLLARS (\$17,500) from the Community Preservation Historic Preservation Reserve Fiscal Year 2022 to be made available for a feasibility study to develop design and usage plans for the historic Lucile's Cottage at Veasey Park, or take any action relative thereto. The project is to be managed by the Groveland Conservation Commission, the Director of Veasey Park and the Town Administrator under the CPA category of Historic Preservation.

Article submitted by the Community Preservation Committee

NOTE: The project would provide funds for hiring an architect and art consultant to determine the feasibility of rehabbing the historic cottage into artist space and develop design plans. The building is a structure that strongly figures into the history of Groveland and the role of the Veasey family which will be lost without a plan for its use and preservation.

They shall also receive reasonable compensation for the use of special facilities, necessary repairs, alterations and adjustments made by them.

APPENDIX D

DEFINITION OF FINANCIAL TERMS COMMONLY USED AT TOWN MEETINGS **Appropriation** – An authorization by the Town Meeting to make expenditures and incur liabilities for specific purposes. An appropriation is usually limited in amount and as to the time when it may be expended.

Assessed Valuation – A valuation set upon real estate or other property by the Assessors as a basis for levying taxes.

Bond – A written promise to pay a specified sum of money by a fixed date, and carrying with it interest payments at a fixed rate, paid periodically. A **Note** is similar, but issued for a shorter period.

Debt and Interest – The amount of money necessary annually to pay the interest and the principal on the Town's outstanding debt. Also known as "Debt Service."

Fiscal Year – The budget period used by the Town running from July 1 of one year to June 30 of the next year. At the end of this period, the Town closes its books in order to determine its financial condition and the results of its operation.

Free Cash (Available Funds) – The amount of money left after all prior years' uncollected taxes have been deducted from surplus revenue. This amount may be used as available funds by vote of the Town Meeting.

Overlay – The amount, up to 5% of the tax levy, raised by the Assessors in excess of appropriations and other charges to cover abatements and exemptions.

Overlay Reserve – Unused amount of the overlay for previous years, which the Town may transfer to Surplus Revenue after all abatements for such fiscal year are settled.

Reserve Fund – A fund voted by the Annual Town Meeting and controlled by the Finance Committee for extraordinary and unforeseen expenditures incurred by Town departments during the year.

Stabilization Fund – Special Reserve Fund that can be used by a 2/3 vote of the Town Meeting.

Surplus Revenue – The amount by which cash, accounts receivable and other assets exceed the liabilities and reserves. Used in calculating free cash.

Transfer – The movement of funds from one account to another. Transfers between accounts (other than the Reserve Fund) can be made only by vote of the Town Meeting.

Unexpended Balance – That portion of an appropriation or account not yet expended. Any such balances left at the end of the fiscal year are generally used as Surplus Revenue in calculating Free Cash.
