SPECIAL MEETING MINUTES

Groveland Town Hall,

TOWN OF GROVELAND
2019 DEC 30 PM 1:25
TOWN CLERK
RECEIVED/POSTED

Attendance: Chair Bill Dunn, Vice Chair Ed Watson, and Selectmen Kathleen Kastrinelis, Bill O'Neil, and Michael Wood

Also Present: Finance Director, Denise Dembkoski and Robert Valentine, Fire Chief appointee

The meeting was called to order at 5:30 PM.

Selectwoman Kastrinelis made a motion, seconded by Selectman Wood, to enter into Executive Session in accordance with to M.G.L. c. 30A, §21 (a) (2) for the purpose of conducting employment negotiations with Robert Valentine, for the position of Fire Chief. (Votes may be taken). – Motion passed unanimously on a roll call vote.

The Board entered Executive Session at 5:31pm and plans to adjourn in Executive Session.

The Board met with Robert Valentine to discuss the proposed contract. His main concern is driving back and forth to CCI, which is about a 3 hour round-trip two or three times a week. He would like to see if Section 3, a – which outlines the incremental steps – remove associates degree from that section, and increase salary to \$78,000, plans to roll into a bachelor's degree into an online program at University of New Haven, for Emergency Management degree. Once he obtains his Bachelor's degree, he would ask for the additional \$2,000. He expects it to be about 18 months.

Ms. Dembkoski asked to clarify if Mr. Valentine intended to not pursue his Associates degree, but instead apply those credits towards a Bachelor's degree. Mr. Valentine confirmed that is his intention.

Selectwoman Kastrinelis asked if Mr. Valentine looked into programs closer to Groveland, but he stated that most of his credits are older, where New Haven will accept his credits, but Merrimack College and Northern Essex will not accept transfer credits older than five (5) years.

Selectwoman Kastrinelis' concern was that in open session, Mr. Valentine stated that it would not be an issue to obtain his Associates degree would be easily obtained in a short period of time and that is not the case now.

Selectman Watson doesn't have any issue with the extension for the bachelor's degree. In the first six (6) months, he would have his EMT and working on his Fire Chief credentials.

Selectwoman Kastrinelis would have liked to have a fire chief with a degree in something. It sets a tone and establishes a role model for the department. She would like to see something with the degree occurring within the probationary period, especially since it was discussed in open session. Mr. Valentine doesn't disagree, but he will need more than six months because of the age of credits.

Selectman Wood asked how much time would be dedicated to his degree during the first 18 months? Mr. Valentine, said it will not impact his job, he will do his course work at night and weekends. Selectwoman Kastrinelis asked if he has an outline with the coursework he plans to take. Mr. Valentine does not, at this time.

Mr. Valentine understands the concern about the degree, and to not disrespect anyone with a degree, but just because someone has a degree doesn't make them line ready.

Selectman Watson doesn't see any problem with holding off on the 18 months, the job description mentions any equivalent experience and training to perform the job functions. Selectman Watson has never seen a college that offers a course in common sense, he would take that over a degree any day.

Selectman O'Neil said that typically an Associates is a 2-year degree and a Bachelors is 4, he wonders if Mr. Valentine hasn't obtained an associates yet, how will he obtain a Bachelors in 18 months? That would be a very heavy course load. Is 18 months an attainable goal considering he has not yet reached the associates level yet? Will the course work and daily work be too much for anyone on any level?

Selectwoman Kastrinelis is optimistic that the department will be brought back to safely respond to calls. She would rather see a benchmark of progress instead of trying to accomplish everything within 18 months. The job will not be clean cut when he walks in the door. Mr. Valentine understands that and has experience with that type of environment.

Selectwoman Kastrinelis wonders if it's best to accept a different benchmark over time and is concerned about the volume of work all at once. Selectman Wood asked if she was thinking something like 2 courses per semester?

Chair Dunn said if it's not in black and white, it doesn't get taken care of. He doesn't want Mr. Valentine to think he doesn't distrust him, so he'd like to see something documented. He knows Bob has the experience, but he is not comfortable bringing someone in without the accreditation. Mr. Valentine thinks Chief and EMT accreditation would be his priority, then the degree would be secondary.

Selectman Watson wants to confirm that Mr. Valentine plans to roll the Associates credits into a Bachelor's degree for the 18 months, but you can do it at a slower pace, if necessary.

Selectwoman Kastrinelis doesn't want to put Mr. Valentine into a position that burns him out.

Selectman Wood said the former Chief could have had a doctorate degree, but the communication wasn't there, he wasn't the correct person.

Mr. Valentine asked about attending the BOS meetings every month. He would like to have good/strong communications.

Chair Dunn stated the Board does not want to micromanage anyone. He would expect, as the Fire Chief, he would communicate with the Finance Director regularly and then he could be scheduled to come before the board. Selectman Wood agrees, he doesn't want to micromanage. Selectwoman Kastrinelis wouldn't mind every other month having a public safety update from both police and fire, maybe 20 minutes to update. Selectwoman Kastrinelis informed Mr. Valentine that the Finance Director is the Board's point person.

Chair Dunn said if you have the right person, they will know how to get along with the Board.

Mr. Valentine said the MA Chiefs accreditation shouldn't take long. He will sit down with Dave Evans to go over the requirements and anything else he'll need to do.

Mr. Valentine would like to remove the Associates degree from Section 3a. and drop the \$80k down to \$78k.

The Board agreed to remove the Associates degree and drop the first benchmark salary to \$77k. Add a benchmark for 2 courses per semester, six credits per semester, must provide documentation, at the completion of the Bachelor's degree, will then receive a \$3,000 increase.

Selectwoman Kastrinelis would like to see the effective start date be December 1st since the interim chief expires on November 30, 2019.

Selectman O'Neil made a motion to ratify the contract as outlined and amended, with Robert E. Valentine to be the town's next fire chief effective December 1st, Seconded by M. Wood. Roll Call vote all affirmative. The Board members and Mr. Valentine signed the contract. Board members welcomed Mr. Valentine and expressed they were looking forward to working with him. Mr. Valentine echoed the same sentiments.

The Board adjourned the meeting at 6:18pm on a motion by Selectman O'Neil, Seconded by Selectwoman Kastrinelis. Unanimous on a roll call vote.

Respectfully submitted,

Denise M. Dembkoski
Finance Director
